OpenInframeter Poll and Demo

One join code, questions activate as you advance

Key Topics:

- What is your main role in the ecosystem today?
- What technologies and initiatives are currently running in your organization or are you actively exploring?
- From your team's or company's perspective, what is the biggest challenge with human talent?
- What is the single biggest blocker in your current project?
- In one or two words: What is your company's biggest technical or infrastructure headache TODAY?
- If you are a technical lead or company: What specific problem or project would you like to solve if a community expert guided you?
- If you are a Senior/Mid professional: In what specific technologies or pain points do you have real experience and would you be willing to advise or mentor others?
- Live demo (Deploy a cellular network using voic message)
